PROFESSIONAL EXPERIENCE

Full Stack Developer Intern   06/2025 – 09/2025
Zestos Ventures Pvt Ltd (Gharpadharo)

- Contributed to the development of the company's Careers website, handling both frontend and backend integration.
- Developed the company's Club Website, focusing on frontend UI, responsiveness, and user experience.
- Worked with the team to build features, fix bugs, and manage APIs using the MERN stack in an Agile workflow.
- Participated in daily stand-ups & weekly meetings , collaborating on progress, blockers, and deployment plans.

SKILLS

Frontend: HTML, CSS, JavaScript, Tailwind CSS, React.js, Next.js, Redux Toolkit

Backend : Node.js , Express.js, MongoDB , Mongoose, Firebase, JWT, Socket.IO

Others : Git , GitHub , Visual Studio Code , Postman , Vercel , Netlify , Render, Razorpay , Passport.js

PROJECTS

Notexa : Link 🔗   10/2025 – 01/2026
Tech Stack: Next.js , Node.js , Express.js , MongoDB , Razorpay

- Built a full-stack platform that enables students to seamlessly access and share high-quality handwritten and digital academic notes at affordable prices.
- Designed and implemented a secure, student-focused earning model with fair revenue sharing for note creators.
- Developed a robust role-based authentication system with a dedicated admin panel for efficient platform management.
- Built scalable, well-structured REST APIs using Node.js and Express.js to handle users, notes, and orders with validation.
- Integrated Razorpay for secure online payments and developed a fast, SEO-friendly Next.js frontend optimized for speed.

devStackr : Link 🔗   06/2025 – 07/2025
Tech Stack: MongoDB, Express.js, React.js, Node.js, Socket.io, Mongoose, Redux Toolkit, Tailwind CSS

- Built a full-stack social platform for developers to connect, collaborate, share ideas, and grow together.
- Implemented customizable user profiles with bio, skills, GitHub, portfolio integration, and profile picture upload.
- Developed advanced post management including post creation, editing, deletion, likes, comments, and media attachments.
- Enabled secure real-time 1-on-1 chat using Socket.IO 🔗 for instant collaboration and project discussions.
- Added robust JWT-based authentication with protected routes, session handling, and Redux state management.
- Designed a responsive, SEO-friendly UI with dark mode, smooth animations, and developer search functionality.

E-Commerce : Link 🔗   01/2025 – 02/2025
Tech Stack: React.js, Redux Toolkit, Tailwind CSS, Firebase

- Developed a responsive and feature-rich eCommerce web application where users can browse a wide range of products, search items, and view detailed product information.
- Implemented category-based filtering and dark/light mode toggle for enhanced user experience across devices.
- Integrated Firebase authentication to enable secure user SignIn and SignOut functionality.
- Built add to cart, order tracking, and order history management using Firebase Cloud Firestore as the database.
- Used Redux Toolkit for global state management and React Router DOM for smooth page navigation and routing.

EDUCATION

Bachelor of Science in Information Technology   04/2023 – present | Chandrapur, India
Gondwana University , Gadchiroli , Maharashtra

CERTIFICATES

IBM skilsBuild : Web development fundamentals

Accenture : Developer & Technology job simulation

Linux Foundation : Node.js Fundamentals
